Physician Toolkit

How to Submit Crossover Claims to Medi-Cal Plans

Under the Coordinated Care Initiative (CCI), certain dual eligible beneficiaries who choose not to enroll in Cal MediConnect will still be mandatorily enrolled in Medi-Cal plans for their Medi-Cal benefits, including Medicare cost sharing. This document explains how physicians can bill the Medi-Cal payment portion for dual eligible beneficiaries in Medi-Cal plans.

For such beneficiaries Medicare should be billed as usual. Medicare will pay 80 percent of the Medicare fee schedule. <u>The 20 percent copay cannot be billed to dual eligible patients</u>. Instead, these "crossover claims" must go to the patient's Medi-Cal plan, which will pay any amount owed under state Medi-Cal law. Please note that since 1982, state law has limited Medi-Cal's reimbursement on Medicare claims to an amount that, when combined with the Medicare payment, does not exceed Medi-Cal's maximum payment for similar services. Consequently, if the Medi-Cal rate is 80 percent or less than the Medicare rate for the service rendered, Medi-Cal will not pay anything on these crossover claims. In 2014, primary care services in Medi-Cal are paid at 100 percent of the Medicare fee schedule. For more information about how payment works for physicians serving beneficiaries in Medicare and a Medi-Cal plan, please see the physician payment fact sheets available at <u>www.CalDuals.org/providers</u>.

The CMS Coordination of Benefits Agreement (COBA) Program allows these crossover claims to go directly to the Medi-Cal plan after the claims have been submitted to Medicare. As most Medi-Cal plans are not yet participating in this automated process, the chart below outlines how Medicare providers should submit their Medi-Cal claims to each plan.

Providers should use the Medi-Cal eligibility verification system to identify a patient's Medi-Cal plan. Learn more about this system at <u>www.Medi-Cal.ca.gov/Services.asp</u>.

Physicians do not need to be contracted with a Medi-Cal plan's network to submit a crossover claim.
