

Do you have questions about Cal MediConnect or Medi-Cal options?

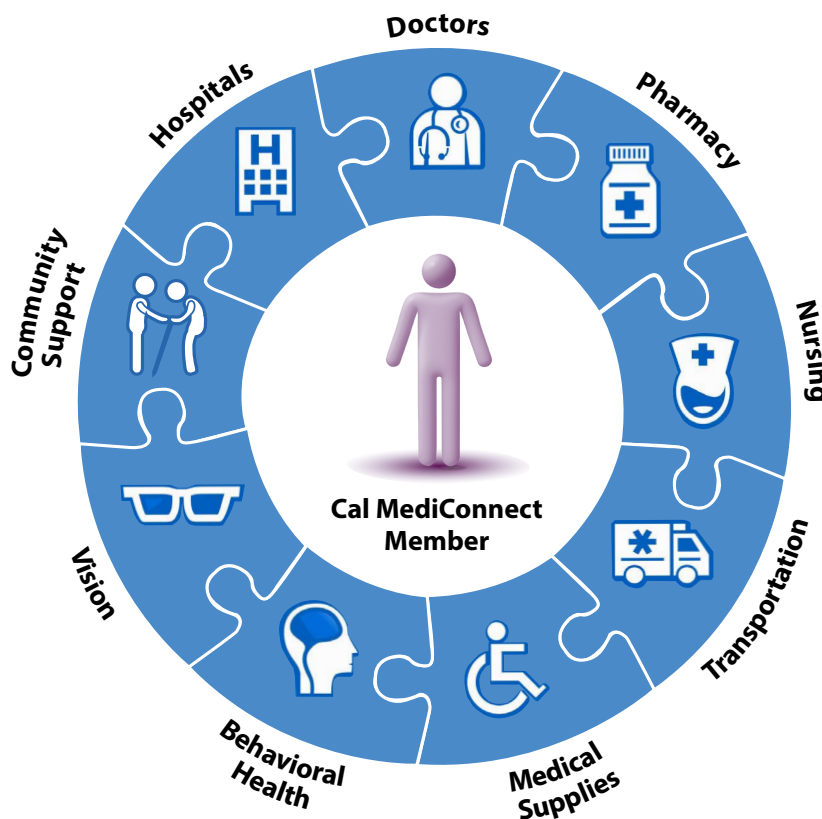

If you, your patients, or your clients have both Medicare and Medi-Cal, we can answer your questions. Our outreach coordinators work on behalf of the Department of Health Care Services to provide FREE information about the Coordinated Care Initiative (CCI) to seniors, caregivers, and health care professionals through:

- Interactive presentations
- Informational resource tables
- Health fairs
- Small group sessions
- Staff trainings
- Webinars

For more information, or to request a meeting or presentation, email us: info@calduals.org

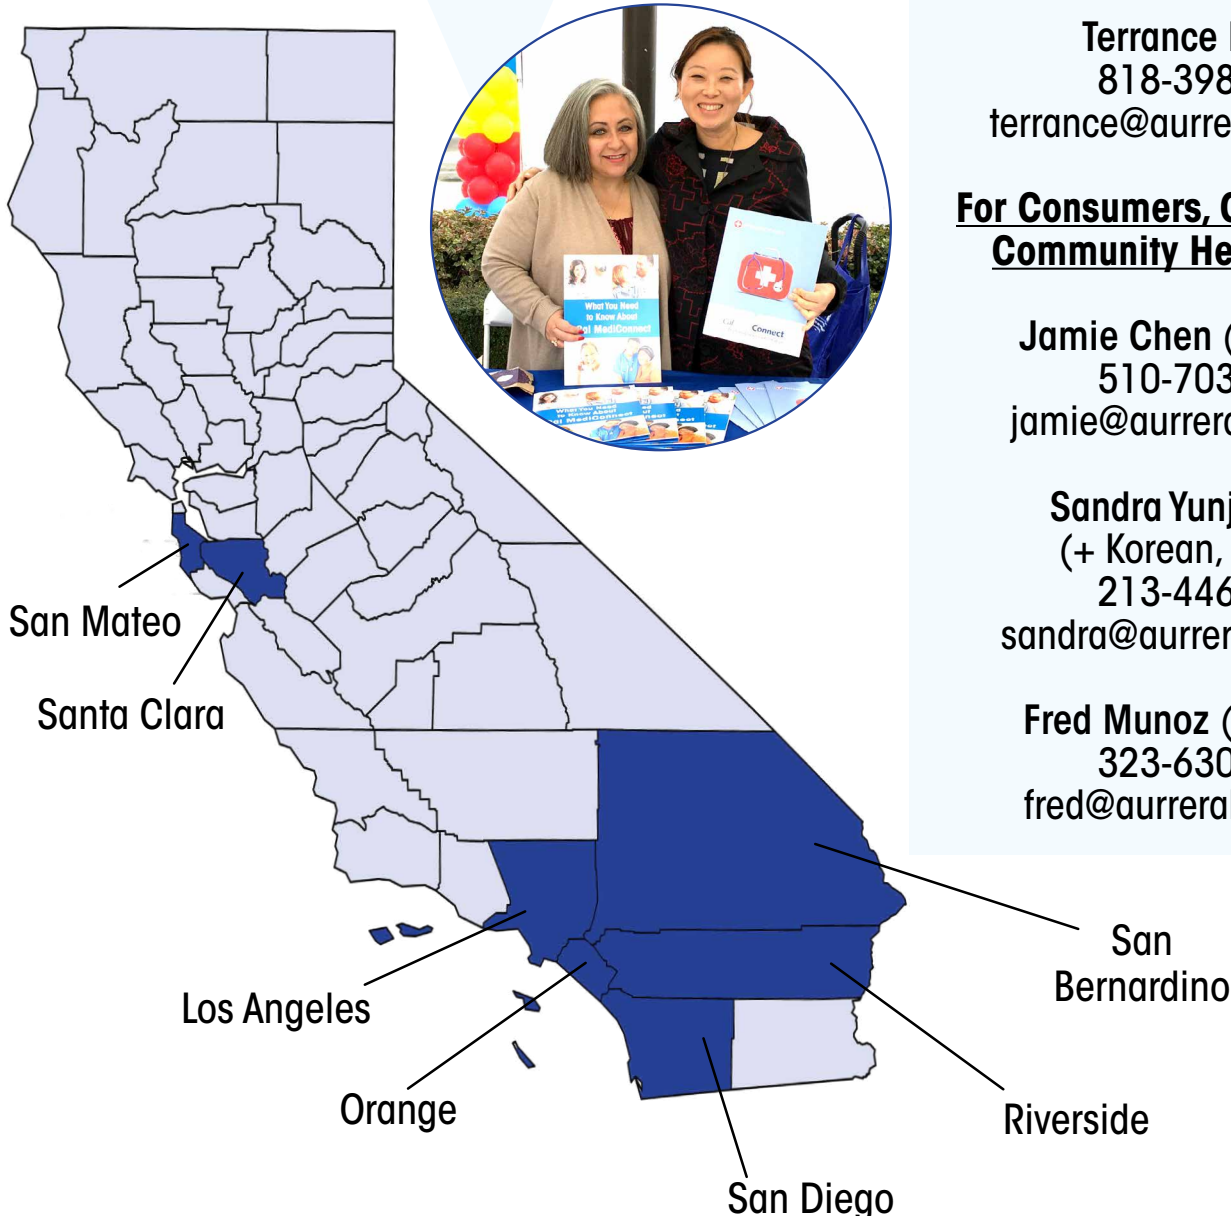

CalMediConnect

CCI Outreach Team

Our outreach coordinators work across the seven CCI counties to deliver free information about the program.

Contact a coordinator in your area to ask questions or schedule a presentation!
